MOTION FOR CONTINUED SEALING

Comes now the United States of America, by and through its attorneys, Jeffrey B. Jensen, United States Attorney for the Eastern District of Missouri, and John T Davis, Assistant United States Attorney for said District, and moves this Court for an order directing that the application, search warrant and affidavit entered by this Court continue to be sealed until December 13, 2019, except for the limited purposes of providing same to defense counsel pursuant to Rules 12 and 16 of the Federal Rules of Criminal Procedure.

In support of this Motion, the government provides the following facts establishing that

- (a) the government has a compelling interest in sealing the documents in question which outweighs the public's qualified First Amendment right of access to review those documents; and
- (b) no less restrictive alternative to sealing is appropriate or practical.

The facts submitted in the affidavit in support of the instant application for a search warrant have been determined as part of an ongoing investigation that involves individuals in at least two districts in separate states. At the present time it is unknown whether the addressee on the instant package is an unknowing dupe of the senders. Nor has it been determined whether the sender is in fact the person identified on the package or a fictitious person. Exposing the identities of the sender and recipient of the package would unnecessarily expose these

individuals, who may be innocent parties, to unjustified notoriety, particularly if the results of the investigation do not result in the filing of criminal charges.
